FROM KATHY...

Hello all! As hard as it is to believe, November is here once again! I still have a few straggling garden chores to attend to, but for the most part my gardens are put to rest in preparation for their return in the spring. I am especially anxious to see all of the beautiful flowers from the daffodil bulbs I planted this fall. Everything will be that much more beautiful for having to wait!

November gives us the reminder that we have so much to be grateful for. Although we may not be able to gather as we used to, it is important to reflect in this slower season on all that we have and hold dear. As Ralph H. Blum said, "There is a calmness to a life lived in gratitude, a quiet joy." I think we could all use a little calmness.

Your Garden Club Leader Board continues to meet. In November we will be meeting in my garage with all the doors and windows open, hoping for a warmish day. We continue to work on ways to bring meetings back to you in the new year in one way or another and we will keep you posted. The Leader Board will stay much the same for 2021. Sue Niebuhr and I will be co-presidents and all of the other board members will remain in their same positions. We thought this to be the best way to transition into the new year. Attached you will find a list of the 2021 Leader Board Member and their contact information. I want to take a moment to thank everyone on the Leader Board for their dedication and willingness to do it all again next year!

I think that is it for this month. I want to wish you and your families a Thanksgiving full of thanks and giving.

FOR YOUR INFORMATION:

- There is still plenty of time to order live wreaths, centerpieces, garlands, and small potted trees from Lynch Creek Farms. In order for the FG Garden Club to get 15% profit from the sale you must use the website www.lynchcreekfundraising.com/c/244973. If you have any questions regarding this fundraiser please give me a call at (931) 202-2980 or email me at kathy.spancake@gmail.com.
 - We have been in communication with Danny Wilson at Cumberland County High School regarding selling poinsettias again this year. It is a bit of a logistical problem, but we are working closely with the school to see if there is any way we can make this happen. We will keep you posted!
 - Remember that the UT Gardens/Crossville at the Plateau Discovery Gardens is a great resource! Even though there are no scheduled classes, the website has lots of great information including some videos. The Plateau Discovery Gardens is open to visitors who wish to view the gardens every day during daylight hours. Please refer to their website for additional details. Website: www.ccmga.org.
